Collect spillage. Keep tightly capped. Store out of direct su Dispose of contents/container in accordan regulations. Not applicable CAUTION: Protect skin and work surface	unlight between 36°F–85°F. nce with local/regional/national/international
Hazard statements Precautionary statements Prevention Response Storage Disposal Hazards not otherwise classified Supplemental information CTION 3: Composition/Info Mixture	Very toxic to aquatic life with long lasting Avoid release into the environment. Collect spillage. Keep tightly capped. Store out of direct su Dispose of contents/container in accordan regulations. Not applicable CAUTION: Protect skin and work surface <b>rmation on Ingredients</b>	unlight between 36°F–85°F. nce with local/regional/national/international

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

# SECTION 4: First-Aid Measures

If inhaled

Remove individual to fresh air. Seek medical advice/attention if breathing becomes difficult or if respiratory irritation develops. Give oxygen or artificial respiration if needed.

#### In case of skin contact

Immediately flush skin with plenty of water for at least 20 minutes. If clothing comes in contact with the product, the clothing should be removed and laundered before reuse. Seek medical advice/attention if irritation develops.

#### In case of eye contact

Immediately flush eyes with plenty of water for at least 20 minutes. Remove contact lenses if present and easy to do. Continue rinsing. If symptoms persist or in all cases of concern, seek medical advice/attention.

#### If swallowed

Rinse mouth. Never give anything by mouth to a person who is unconscious or is having convulsions. Do NOT induce vomiting unless directed by physician. If vomiting occurs, keep head low so that stomach content does not get into the lungs. If symptoms persist or in all cases of concern, seek medical advice/attention.

#### Most important symptoms and effects, both acute and delayed

Direct skin or eye contact may cause temporary irritation. Symptoms may include redness or itching. Tearing of the eyes or blurred vision may occur. Contact may produce temporary discoloration of the skin. Inhalation may cause respiratory irritation, such as coughing. Ingestion may cause gastrointestinal irritation, nausea, vomiting, and diarrhea.

Refer to section 11 of the SDS for delayed and immediate effects and chronic effects from short- and long-term exposure.

#### Indication of any immediate medical attention and special treatment needed

Provide general supportive measures and treat symptomatically.

#### **General information**

Ensure medical personnel are aware of the material(s) involved and take precautions to protect themselves.

SECTION 5: Firefighting Measu	ures
Extinguishing media	
Suitable extinguishing media	Use extinguishing media appropriate for surrounding fire.
Unsuitable extinguishing media	Do not use a heavy water stream. Use of heavy stream of water may spread fire.
Specific hazards arising from the s	substance or mixture
Fire hazard	Not flammable
Explosion hazard	Not explosive
Reactivity	Hazardous reactions will not occur under normal conditions.
Hazardous combustion products	Nitrogen oxides. During fire, gases hazardous to health may be formed.
Advice for firefighters	
Precautionary measures	Exercise caution when fighting any chemical fire; hazardous fumes will be present.
Firefighting equipment/instructions	Use water spray or fog for cooling exposed containers.
Protection during firefighting	Do not enter fire area without proper protective equipment, including respiratory protection.
Other information	Refer to section 9 of the SDS for flammability properties.
SECTION 6: Accidental Poloas	Maaauraa

## SECTION 6: Accidental Release Measures

#### Personal precautions, protective equipment, and emergency procedures

Wear appropriate protective equipment and clothing during cleanup. Local authorities should be advised if significant spillages cannot be contained. For personal protective equipment, refer to section 8 of the SDS.

#### **Environmental precautions**

Avoid discharge into drains, watercourses, or onto the ground.

#### Methods and material for containment and cleaning up

Dike the spilled material where this is possible. Stop leak if it can be done without risk. Absorb spillage to prevent material damage. Absorb in vermiculite, dry sand or earth, and place into containers. Prevent entry into waterways, sewers, basements, or confined areas. Following product recovery, flush area with water. Never return spills to original containers for reuse. Contaminated absorbent material may pose the same hazards as the spilled product. In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.

#### Reference to other sections

For exposure controls and personal protection, refer to section 8 of the SDS. For waste disposal, refer to section 13 of the SDS.

#### SECTION 7: Handling and Storage

#### Precautions for safe handling

Do not breathe mist or vapor. Do not get in eyes, on skin, or on clothing. Do not taste or swallow. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. For personal protective equipment, refer to section 8 of the SDS. Keep away from incompatibles. Observe good industrial hygiene practices. Label containers appropriately.

#### Conditions for safe storage, including any incompatibilities

Keep tightly capped. Store out of direct sunlight between 36°F–85°F. Store away from incompatible materials (refer to section 10 of the SDS).

Occupational exposure limits		
US ACGIH Threshold Limit Values		
Components	Туре	Value
Silver Nitrate (CAS 7761-88-8) as Ag	TWA	0.01 mg/m <sup>2</sup>

US OSHA Table Z-1 Limits for Air Contaminan	nts (29 CFR 1910.1000)	
Components	Туре	Value
Silver Nitrate (CAS 7761-88-8) as Ag	TWA	0.01 mg/m <sup>3</sup>

# **Biological limit values**

No biological exposure limits noted for the ingredient(s).

## **Exposure controls**

Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eyewash facilities and emergency shower must be available when handling this product.
Personal protective equipment	
Eye/face protection	Wear appropriate chemical safety goggles if contact is likely to occur.
Skin protection	Wear appropriate chemical-resistant gloves and clothing if contact is likely to occur.
Body protection	Wear appropriate protective clothing if contact is likely to occur.
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fumes at levels exceeding the exposure limits. Advice should be sought from respiratory protection suppliers.

# SECTION 9: Physical and Chemical Properties

Information on basic physical and chemical properties

•••	mormation on basic physical and chemical properties			
	Physical state	Liquid		
	Form	Liquid		
	Color	Clear, colorless, or nearly colorless		
	Odor	Odorless		
	Odor threshold	No data available		
	рН	3 – 5		
	Evaporation rate	No data available		
	Melting point	No data available		
	Freezing point	No data available		
	Initial boiling point (boiling range)	No data available		
	Flash point	No data available		
	Specific gravity	1.003		
	Auto-ignition temperature	No data available		
	Decomposition temperature	No data available		
	Flammability (solid, gas)	No data available		
	Upper Flammability Limit	No data available		
	Lower Flammability Limit	No data available		
	Vapor pressure	No data available		
	Vapor density	No data available		
	Relative density	1.003 g/mL at 22°C		

Solubility	Soluble in water
Partition coefficient (n-octanol/water)	No data available
Viscosity	No data available
Explosive properties	No data available
Oxidizing properties	No data available

# SECTION 10: Stability and Reactivity

Reactivity	Hazardous reactions will not occur under normal conditions of use, storage, and transport.
Chemical stability	Stable under recommended handling and storage conditions (refer to section 7 of the SDS).
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials. Do not use in areas without adequate ventilation.
Incompatible materials	Strong oxidizing materials, strong acids. Acetylene, alcohols, ammonia, magnesium, metals, sulfur.
Hazardous decomposition products	No hazardous decomposition products known.

# **SECTION 11: Toxicological Information**

Information on likely routes of e	xposure Avoid inhalation of this product. Use in a well-ventilated area.
Skin contact	Protect exposed skin from contact. Use caution to avoid splashes.
Eye contact	Avoid close eye contact; use caution to avoid splashes. Wear eye protection.
Ingestion	Do not ingest. Avoid accidental ingestion by observing good hygiene practices. Wash hands thoroughly after handling this product.
Symptoms related to the physical, chemical, and toxicological characteristics	Contact may produce temporary discoloration of the skin. Refer to section 4 of the SDS for most important symptoms and effects.

## Delayed and immediate effects and chronic effects from short- and long-term exposure

This product is not classified as an acute toxicity hazard. See below for product and individual ingredient acute toxicity data. 0% of the mixture consists of ingredient(s) with unknown acute oral toxicity.

## Product acute toxicity estimate (ATE)

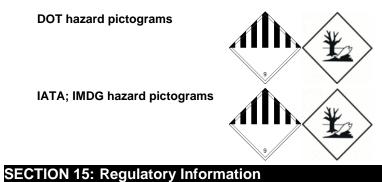

ATEmix (Oral)	> 2500 mg/kg	
ATEmix (Dermal)	No data available	
ATEmix (Inhalation)	No data available	
Component(s)	Species	Acute toxicity data
Silver nitrate (CAS 7761-88-8)		
LD50 (Oral)	Rat	>2000 mg/kg (source: ECHA)
LD50 (Dermal)	Rabbit	No data available
LC50 (Inhalation)	Rat	No data available
Skin corrosion/irritation	No data available	
Serious eye damage/eye irritation	No data available	
Respiratory sensitization	No data available	
Skin sensitization	No data available	
Germ cell mutagenicity	No data available	
Carcinogenicity		
IARC Monographs. Overall Eval Not listed	uation of Carcinogenicity	
OSHA Specifically Regulated So Not regulated	ubstances (29 CFR 1910.1001-1096)	
US National Toxicology Program Not listed	n (NTP) Report on Carcinogens	

Reproductive toxicity	No data available	
Specific target organ toxicity (single exposure)	No data available	
Specific target organ toxicity (repeated exposure)	No data available	
Aspiration hazard	No data available	
ECTION 12: Ecological Infor	mation	
Ecotoxicity	Very toxic to aquatic life with long lasting effects.	
Silver nitrate (CAS 7761-88-8)		
EC50	Aquatic invertebrates	0.00022 mg/L, 48 hours (ECHA)
LC50	Fish	0.0012 mg/L, 96 hours (ECHA)
Persistence and degradability	No data available	
Bioaccumulative potential	No data available	
Mobility in soil	No data available	
Other adverse effects	Large or frequent spills can have a harmful or damaging effect on the environment.	
ECTION 13: Disposal Consid	erations	

Collect and reclaim or dispose of in sealed containers at a licensed waste disposal site. Since emptied containers may retain product residue, follow label warnings even after container is emptied. This material and its container must be disposed of in a safe manner. Dispose of contents/container in accordance with local/regional/national/international regulations.

# **SECTION 14: Transport Information**

DOT	
UN number	3082
UN Proper shipping name	Environmentally hazardous substance, liquid, n.o.s. (Silver nitrate solution)
Reportable Quantity	1lb, Silver nitrate
Class (Subsidiary risk)	9
Label(s)	9
Packing group	III
Special provisions	8, 146, 173, 335, IB3, T4, TP1, TP29
Packaging exceptions	155
Packaging, non-bulk	203
ΙΑΤΑ	
UN number	3082
UN Proper shipping name	Environmentally hazardous substance, liquid, n.o.s. (Silver nitrate solution)
Class (Subsidiary risk)	9
Packing group	III
Special provisions	A97, A158, A197
IMDG	
UN number	3082
UN Proper shipping name	Environmentally hazardous substance, liquid, n.o.s. (Silver nitrate solution)
Class (Subsidiary risk)	9
Packing group	III
Environmental hazards	
Marine pollutant	Yes
Special provisions	274, 335, 969
EmS	F-A, S-F
Special precautions for user	Read safety instructions, SDS, and emergency procedures before handling.
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	This substance/mixture is not intended to be transported in bulk.
